

The Harbor Seal in Seaside Homebody

Name _____ Date _____

Directions: Write your responses on this sheet or on separate paper.

1. What features make a habitat good for harbor seals?
2. What do harbor seals eat? Does this diet make them meat eaters (carnivores) or vegetarians (herbivores)?

3. What do the red lines on the map mean?

4. Harbor seals can stay underwater for a long time. What are three things that help harbor seals stay underwater without breathing?

5. Harbor Seals are considered *solitary* animals. Do you think people are solitary animals or social animals? Why or why not?
